Community Care Connections, Inc. is proud to be a member agency of the United Way of Butler County. Since 1989, CCC has received United Way funding, which has been used to provide services through the Infant Stimulation Program, the Adult Services Program and the Children's Services Program. Community Care Connections, Inc. also receives donations designated by

people working in neighboring counties through the United Way of Southwestern Pennsylvania.

A Message from the President

As another year comes to an end, I want to take this opportunity to thank all of those involved with Community Care Connections for all that you do to make this organization so wonderful. Thank you to the staff, volunteers, families and friends – all of who contribute something special to the programs and events. Thank you to each of you for your hard work and dedication.

It is an honor to work with so many dedicated and caring individuals. The work that you do, and the programs offered, touches so many lives. All that you do is greatly appreciated – here's to many future successes in the coming year!

Sincerely,

Lynn Patterson

Lynn Patterson

A Message from the Executive Director

Dear Friends,

During the past year, Community Care Connections has focused on updating our agency's emergency preparedness plan as part of an even broader goal of making CCC a safer place for our employees, volunteers and the people we serve.

Our emergency preparedness activities included offering training, information and hands-on support to the individuals and families enrolled in our eight programs on how they could develop their own emergency preparedness plans. The training and information provided addressed topics such as what a person with disabilities should bring with them if they needed to evacuate their home and go to a temporary public shelter; how a person with cognitive or communication problems would communicate with emergency responders or shelter worker in the event that they were separated from family or caregivers during an emergency evacuation; and how a person with a disability would care for themselves if their caregiver or support worker could not get into their home due to a weather related or other emergency.

As part of our emergency preparedness focus, Community Care Connections employees were encouraged to make sure they had an emergency preparedness plan for themselves and their families. Employees were asked to think about who would take care of their children in the event that they had to shelter-in at a CCC facility due to a weather related emergency. They were encouraged to keep supplies in their vehicles in case they became stranded and had to wait a long time for help. They were reminded that having an emergency preparedness plan

would reduce the stress they and their family might face in the event of a weather related or other emergency situation.

Although not all of our program participants, families or staff members wanted to create their own personal emergency preparedness plans, many did. Community Care Connections will continue offering assistance to everyone in the organization who needs information, training or hands-on support in preparing and protecting themselves and their families. Helping our program members, families, staff and volunteers stay safe is part of the culture of caring that we embrace at Community Care Connections, Inc. We care about you and want you to be safe and be prepared.

Sincerely,

Pat Brennen

Pat Brennen
Executive Director

Adult Services Program

The CCC Adult Services Program – Learning and fun for everyone.

Would you like to learn how to make a delicious low fat cake with only two ingredients? Would you like to have a green thumb creating a beautiful flower garden? Do you like to play cards or board games and want to learn some new ones? Are you into exercising or want to learn how to stay fit? Do you enjoy visiting new places and trying new things?

If you answered yes to any of these questions, then CCC's Adult Services Program might just be the right program for you. The program offers weekly and monthly classes in cooking, crafts, walking and fitness, gardening, personal safety and fun ways to use your leisure time. Day trips, a bowling league and volunteer opportunities round out the program schedule. Wheelchair accessible transportation to and from program activities is available for those who need it.

The program is funded with grants from the Butler County Human Services Department, the United Way of Butler County and by private donations.

From July 1, 2008 through June 30, 2009 the program provided 6,754 hours of service to 73 consumers.

Attendant Care Services

The Attendant Care Program has been growing over the last six months and we are very proud to announce that the Obra and Independence Waiver programs are now being offered to residents of Butler County who qualify for these services. Community Care Connections has been providing Attendant Care Services to eligible Butler County residents for Act 150 and Attendant Care Waiver Services for 20+ years. Attendant Care services are provided to persons with physical disabilities who are mentally alert and between the ages of 18 and 60 years of age. All Attendant Care services help eligible consumers to maintain living in their own home in their community. Some consumers elect to become employers and hire their own attendants. At that time, CCC becomes their fiscal agent. This means the agency personnel complete payroll, taxes, and all other fiscal responsibilities. CCC now has about 30 consumers who elect to have this service.

To be eligible for the Independence Waiver you must be between the ages of 18 and 60 and have acquired your disability **after** the age of 22. You must require nursing facility level of care and be a resident of Butler County. The consumer must not have a primary diagnosis of mental health or mental retardation and must have resources less than \$8000.

Services available under the Independence Waiver:

- Assistive technology/specialized medical equipment and supplies
- Community integration services
- Daily living services
- Environmental adaptations
- Service Coordination
- Transportation services

The OBRA Waiver eligibility has the same limitations as the Independence Waiver but the developmental disability must have been acquired **before** the age of 22.

Services Available under the OBRA Waiver:

- * Adult day services
- * Assistive technology-specialized medical equipment and supplies
- * Community integration services
- * Daily living services
- * Environmental adaptations
- * Personal Emergency Response Systems (PERS)
- * Service Coordination
- * Transportation Services

The Attendant Care, AC Waiver, Obra and Independence Waivers are funded by the Office of Long Term Living, PA Department of Public Welfare. From July 1, 2008 through June 30, 2009 the program provided 100,838 hours of service to 93 consumers.

Children's Services Program

Every day is a different day at the Children's Services Program. The children's program is for 5 –21 year olds with a special need. This need might be for socialization, life skills development, learning to get involved in volunteer projects, cooking or cleaning and learn new games. The children's program also works on manners, safety and personal skills.

In the summer for six weeks at Camp Apple the children like to plant flowers, play catch the ball, learn to bat at a ball, go swimming, take field trips and much more.

The program is funded with grants from the Butler County Human services Department, the United Way of Butler County and by donations.

From July 1, 2008 through June 30, 2009, the program provided 2,805 hours of service to 53 children.

Community Home Program

The Community Home Program provides residential placement for adolescents and adults who have a mentally challenging condition. CCC operates eight homes in the Butler area. There are three individuals living in each home with staff to support them in their daily lives. All individuals attend school or some type of day program that is most suited to their needs.

Evenings and weekends, activities vary, from the very active to the laid-back! Each home is set up to address the needs of the individuals who live there and those needs may be constantly changing, keeping us on our toes.

The Community Home Program has offered service for almost 30 years.

The program employs some very experienced staff who strive to provide a warm, caring home for all the individuals who make it their home.

The program is funded by a grant from the Butler County MH/MR Program.

From July 1, 2008 through June 30, 2009 the program provided residential services 24 hours a day to 23 individuals.

Infant Stimulation Program

Do you have concerns about your child's development? Have you ever wondered whether he or she is crawling, walking or talking "on time?" The Infant Stimulation Program focuses on your child's overall development and is here to help. We help children that are birth to three years of age with developmental

delays to reach their highest potential. There are five areas of development that we focus on:

- Gross and Fine Motor Skills: sitting, walking, crawling, jumping, puzzles, grasping objects and turning pages in a book.
- Adaptive: Independent feeding, drinking and dressing.
- Communication: Following directions, pointing to objects and talking.
- Cognitive: Thinking, reasoning and understanding directions.
- Social/Emotional: A child's ability to interact with others.
- Hearing/Vision: Monitoring a child's vision and hearing development.

We have licensed Occupational Therapists and Physical Therapists, licensed Speech Language Pathologists, a registered Dietician, Special Educators and a Vision Therapist. We also contract with The Western PA School for the Deaf for hearing services. All of our therapists display a variety of expertise and knowledge of their discipline. The program is a family centered parent-teaching program. The therapists go out into the community to see the children in their natural environment, such as the home, daycare and community settings. We service children in Butler County and currently have 134 clients.

The program is funded by Butler County MH/MR, Infant Toddler Waiver Services, and Medical Assistance. This service is at no cost to families and does not tap into a family's private insurance coverage. From July 1, 2008 through June 30, 2009 the program provided 7,644 hours of service to 209 children.

Homemaker Chore Program

The CCC Homemaker Chore Program provides part-time in-home homemaker or chore services to low- income adults, age

18 through 59 years who have physically and/or mentally challenging conditions.

The program is funded by a grant from the Butler County Human Services Department and private donations. From July 1, 2008 through June 30, 2009 the program provided 1,618 hours of in-home service to 23 adults.

Elks Home Service Program

The Elks Home Service Program provides home visits by a nurse to persons with disabilities and families with children with disabilities. The program has been in existence for over 30 years, and is funded by the Elks Lodges and affiliates such as Community Care Connections, Inc.

Any person who has a disability before the age of 21 can qualify for services. The Elks nurse will do a home visit to evaluate the needs of the person with disabilities, and work with the family to find and qualify for various services. The Elks Nurse will also go to clinic visits, or doctor visits with the family as needed. Any school related issues also will be addressed with families with children with disabilities, and the Elks nurse can attend school meetings with the parent as an advocate for the child, and a resource for the parent.

When there are needs that cannot be met by traditional funding methods the Elks nurse will work to find funding through the various foundations and charities and write referral letters and help to fill out the paper work.

The best part of the program is the fact that the service is free, and the Elks Nurse can work with a person with disabilities throughout their lifespan. It is one of the few programs that does not stop at the age of 18, or 21 or 60.

The program is funded by a grant from the Pennsylvania Elks Major Projects, Inc. From July 1, 2008 through June 30, 2009

the Home Service Nurse conducted 412 home visits to 149 consumers/families in the three-county area.

Supportive Adult Day Services Program

Community Care Connections has had the privilege of operating the Supportive Adult Day Services Program for ten years! SADS is licensed by the Department of Aging and the Office of Developmental Programs so the center provides services to the geriatric population as well as individuals with mental disabilities.

Our experienced staff provides opportunities for socialization and activities throughout the day. Lunch is provided on-site and is always a favorite activity for our participants. Besides in-house activities the center has frequent visits from outside groups such as singing groups, the Red Hat Society and a variety of animal friends. The group also completes projects for others in the community such as trimming and organizing Campbell labels for local schools, providing craft projects to distribute with Meals-on-Wheels and doing Easter and Christmas projects for AK Steel.

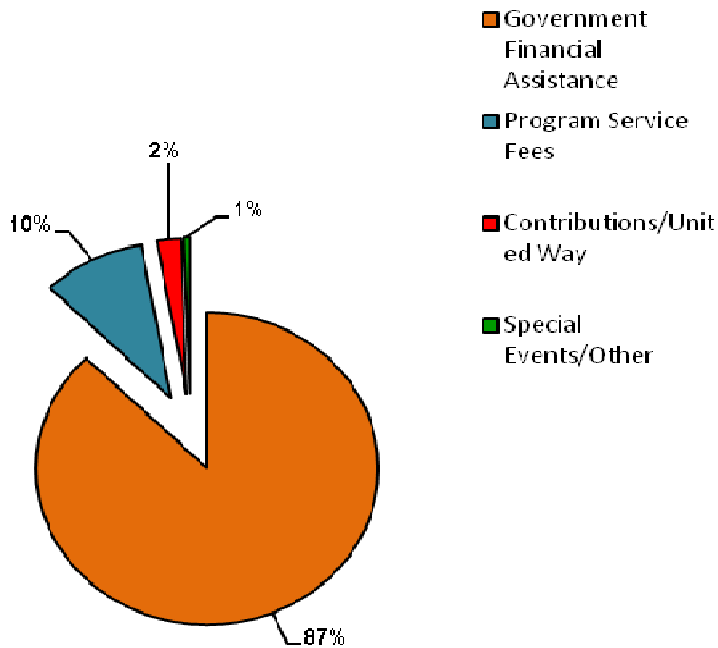

From July 1, 2008 through June 30, 2009 the Supportive Adult Day Services Program provided 29,952 hours of service to 46 consumers.

2nd Annual Walk, Run, Roll and Caring Rally

The Annual Walk, Run, Roll and Caring Rally was held on August 15, 2009 at the Masonic Shelter at Alameda Park. It was a beautiful day and many friends and families and staff attended to enjoy a great time. The event raised \$2,115.65 for the programs and services that Community Care Connections, Inc. provides to the people of Butler County.

Thank you to Barbara Spinneweber, Lori Schultz and Amy Horn. They received first, second and third place awards and won cash prizes for raising the most money through donations collected for the event.

A big thank you to our sponsor, Maher Duessel, for their support the past three years.

Thank you to the Grove City Barbershop Group for the musical entertainment.

Thank you to the Meridian Fire Department and their volunteer firemen for bringing their fire truck and giving the children who attended the educational experience of touring the inside of it.

Thank you to our table sponsors. The Butler County Blind Association and Baltimore Life Insurance. They both provided many giveaway items and information about their agencies to all who attended.

Thank you to those who donated items and baskets for the raffles. They include: Fun For All, Old Country Buffet, Kings, Kathy Armstrong, the Employee Assistance Program and Sue Rudisill. The following programs or departments also each gave a raffle basket: Administration, Infant Stimulation, Adult and Children's Services, Supportive Adult Day Services, Community Home Program and the Attendant Care Program.

Thank you to all the committee members and other volunteers who helped to make this event a success. They include: Sean Daugherty, Lyn Goehring, Paula Nguyen, Jane Thompson, Carol Schultz, Dolores MacMaster, Gary Schultz, Lori Schultz, Eileen Gordon, Bob Rhoades, Carrie Eichner, Joanna Lui, Pat Brennen, Becky & Mike Werner, Diane Early, Paula Lieberum, Randy Smith, Becky Traggiai, Dan Kudamik, Chris D'Andrea-Coyle, Kathy Perry, Roxann & Jim Stickney, Chris & Jolene Fielder, Connor Neighiu, Barbara Scotece, Barbara Spinneweber, Tracy Spinneweber, Judi Wentzel, Andrew Wentzel, Collin Cunningham, Adrienne McKinney and Tung Nguyen.
