Community Care Connections, Inc. is proud to be a member agency of the United Way of Butler County. Since 1989, CCC has received United Way funding, which has been used to provide services through the Infant Stimulation Program, the Adult Services Program and the Children's Services Program. Community Care Connections, Inc. also receives donations designated by people working in neighboring counties through the United Way of Southwestern Pennsylvania.

A Message from the President

As we close out another successful year, I want to thank everyone for the opportunity to be part of this wonderful organization. I want to thank the staff, volunteers, friends and families for allowing me to be involved as President for the past two terms.

As we move forward with a new team of officers, I am sure we will continue to see the agency and programs grow and be successful.

It is a great honor for me to be part of the great work performed for the community by the various programs. These programs impact the quality of life for so many individuals, not only the clients but their families and friends as well. So many people contribute to the success of the programs; and I would like to express my appreciation to each and every person.

Sincerely,

Marilyn Rodgers

Marilyn Rodgers

A Message from the Executive Director

Dear Friends,

During the past year, our agency has continued focusing on ways to improve the quality of the programs and services we offer to individuals enrolled in our programs and their families. CCC's Quality Assurance Committee has worked hard in developing activities that promote a culture of caring throughout the organization. Caring suggestion boxes have been set up at a number of program sites, and everyone is responding by offering positive suggestions that improve quality and in some cases even save money.

During the coming year, CCC will continue to focus on improving the quality of its programs and services through improved staff training. The agency will introduce "Positive Practices Core Competencies," a training approach offered through the Office of Developmental Programs. This new program will help staff learn to understand and celebrate the unique qualities and gifts each program participant has to offer. Trainings are designed to ensure that staff learn to treat each person as a fully competent equal with the capacity to learn, change and make decisions about their life. CCC believes that this new training program will help its dedicated staff members to do an even better job in providing the highest quality service possible. It will be another way to ensure that a "culture of caring" exists wherever a person receives services from Community Care Connections, Inc.

Sincerely,

Pat Brennen

Pat Brennen
Executive Director

Adult Services Program

The CCC Adult Services Program – Learning and fun for everyone

Would you like to learn how to make a delicious low fat cake with only two ingredients? Would you like to have a green thumb creating a beautiful flower garden? Do you like to play cards or board games and want to learn some new ones? Are you into exercising or want to learn how to stay fit? Do you enjoy visiting new places and trying new things?

If you answered yes to any of these questions, then CCC's Adult Services Program might just be the right program for you. The program offers weekly and monthly classes in cooking, crafts, walking and fitness, gardening, personal safety and fun ways to use your leisure time. Day trips, a bowling league and volunteer opportunities round out the program schedule. Wheelchair accessible transportation to and from program activities is available for those who need it.

The program is funded with grants from the Butler County Human Services Department, the United Way of Butler County and by private donations.

From July 1, 2007 through June 30, 2008 the program provided 6,961 hours of service to 72 consumers.

Attendant Care Services

The Attendant Care Program has been growing over the last six months and we are very proud to announce that the Obra and Independence Waiver programs are now being offered to residents of Butler County who qualify for these services. Community Care Connections has been providing Attendant Care Services to eligible Butler County residents for Act 150 and Attendant Care Waiver Services for 20+ years. Attendant Care services are provided to persons with physical disabilities who are mentally alert and between the ages of 18 and 60 years of age. All Attendant Care services help eligible consumers to maintain living in their own home in their community. Some consumers elect to become employers and hire their own attendants. At that time, CCC becomes their fiscal agent. This means the agency personnel complete payroll, taxes, and all other fiscal responsibilities. CCC now has about 30 consumers who elect to have this service.

To be eligible for the Independence Waiver you must be between the ages of 18 and 60 and have acquired your disability **after** the age of 22. You must require nursing facility level of care and be a resident of Butler County. The consumer must not have a primary diagnosis of mental health or mental retardation and must have resources less than \$8000.

Services available under the Independence Waiver:

- * Assistive technology/specialized medical equipment and supplies
- * Community integration services
- * Daily living services
- * Environmental adaptations
- * Service Coordination
- * Transportation services

The OBRA Waiver eligibility has the same limitations as the Independence Waiver but the developmental disability must have been acquired **before** the age of 22.

Services Available under the OBRA Waiver:

- * Adult day services
- * Assistive technology-specialized medical equipment and supplies

- * Community integration services
- * Daily living services
- * Environmental adaptations
- * Personal Emergency Response Systems (PERS)
- * Service coordination
- * Transportation Services

The Attendant Care, AC Waiver, Obra and Independence Waivers are funded by the Office of Long Term Living, PA Department of Public Welfare. From July 1, 2007 through June 30, 2008 the program provided 80,997 hours of service to 101 consumers.

Children's Services Program

Every day is a different day at the Children's Services Program. The children's program is for 5 –21 year olds with a special need. This need might be for socialization, life skills development, learning to get involved in volunteer projects, cooking or cleaning and learn new games. The children's program also works on manners, safety and personal skills.

In the summer for six weeks at Camp Apple the children like to plant flowers, play catch the ball, learn to bat at a ball, go swimming, take field trips and much more.

The program is funded with grants from the Butler County Human services Department, the United Way of Butler County and by donations.

From July 1, 2007 through June 30, 2008, the program provided 2,591 hours of service to 67 children.

Community Home Program

The Community Home Program provides residential placement for adolescents and adults who have a mentally challenging condition. CCC operates eight homes in the Butler area. There are three individuals living in each home with staff to support them in their daily lives. All individuals attend school or some type of day program that is most suited to their needs.

Evenings and weekends, activities vary, from the very active to the laid-back! Each home is set up to address the needs of the individuals who live there and those needs may be constantly changing, keeping us on our toes.

The Community Home Program has offered service for almost 30 years.

The program employs some very experienced staff who strive to provide a warm, caring home for all the individuals who make it their home.

The program is funded by a grant from the Butler County MH/MR Program.

From July 1, 2007 through June 30, 2008 the program provided residential services 24 hours a day to 23 individuals.

Infant Stimulation Program

Do you have concerns about your child's development? Have you ever wondered whether he or she is crawling, walking or talking "on time?" The Infant Stimulation Program focuses on your child's overall development and is here to help. We help children that are birth to three years of age with developmental delays to reach their highest potential. There are five areas of development that we focus on:

- Gross and Fine Motor Skills: sitting, walking, crawling, jumping, puzzles, grasping objects and turning pages in a book.
- Adaptive: Independent feeding, drinking and dressing.
- Communication: Following directions, pointing to objects and talking.
- Cognitive: Thinking, reasoning and understanding directions.
- Social/Emotional: A child's ability to interact with others.
- Hearing/Vision: Monitoring a child's vision and hearing development.

We have licensed Occupational Therapists and Physical Therapists, licensed Speech Language Pathologists, a registered Dietician, Special Educators and a Vision Therapist. We also contract with The Western PA School for the Deaf for hearing services. All of our therapists display a variety of expertise and knowledge of their discipline. The program is a family centered parent-teaching program. The therapists go out into the community to see the children in their natural environment, such as the home, daycare and community settings. We service children in Butler County and currently have 134 clients.

The program is funded by Butler County MH/MR, Infant Toddler Waiver Services, and Medical Assistance. This service is at no cost to families and does not tap into a family's private insurance coverage. From July 1, 2007 through June 30, 2008 the program provided 8,147 hours of service to 218 children.

Homemaker Chore Program

The CCC Homemaker Chore Program provides part-time in-home homemaker or chore services to low- income adults, age 18 through 59 years who have physically and/or mentally challenging conditions.

The program is funded by a grant from the Butler County Human Services Department and private donations. From July 1, 2007 through June 30, 2008 the program provided 2,073 hours of in-home service to 19 adults.

Elks Home Service Program

The Elks Home Service Program provides home visits by a nurse to persons with disabilities and families with children with disabilities. The program has been in existence for over 30 years, and is funded by the Elks Lodges and affiliates such as Community Care Connections, Inc.

Any person who has a disability before the age of 21 can qualify for services. The Elks nurse will do a home visit to evaluate the needs of the person with disabilities, and work with the family to find and qualify for various services. The Elks Nurse will also go to clinic visits, or doctor visits with the family as needed. Any school related issues also will be addressed with

families with children with disabilities, and the Elks nurse can attend school meetings with the parent as an advocate for the child, and a resource for the parent.

When there are needs that cannot be met by traditional funding methods the Elks nurse will work to find funding through the various foundations and charities and write referral letters and help to fill out the paper work.

The best part of the program is the fact that the service is free, and the Elks Nurse can work with a person with disabilities throughout their lifespan. It is one of the few programs that does not stop at the age of 18, or 21 or 60.

The program is funded by a grant from the Pennsylvania Elks Major Projects, Inc. From July 1, 2007 through June 30, 2008 the Home Service Nurse conducted 580 home visits to 167 consumers/families in the three-county area.

Supportive Adult Day Services Program

Community Care Connections has had the privilege of operating the Supportive Adult Day Services Program for ten years! SADS is licensed by the Department of Aging and the Office of Developmental Programs so the center provides services to the geriatric population as well as individuals with mental disabilities.

Our experienced staff provides opportunities for socialization and activities throughout the day. Lunch is provided on-site and is always a favorite activity for our participants. Besides in-house activities the center has frequent visits from outside groups such as singing groups, the Red Hat Society and a variety of animal friends. The group also completes projects for others in the community such as trimming and organizing Campbell labels for local schools, providing craft projects to distribute with Meals-on-Wheels and doing Easter and Christmas projects for AK Steel.

From July 1, 2007 through June 30, 2008 the Supportive Adult Day Services Program provided 27,370 hours of service to 40 consumers.

2nd Annual Walk, Run, Roll and Caring Rally

The Annual WRR & Caring Rally was a huge success. It was a beautiful day and everyone had a great time. The event raised \$3,517.00 for the programs of Community Care Connections, Inc.

Barbara Spinneweber raised the most donations and won a flat screen TV. Thank you for your hard work raising donations.

Thank you to our sponsors: Hunter Truck Sales, Maher Duessel and Chesapeake Rehab Equipment Inc.

Thank you to our table sponsors: The ARC of Butler County, Family Pathways, Career Opportunities for the Disabled, The American Red Cross, Chesapeake Rehab, The Nature Zone and Allegheny Hills Retirement Home.

Thank you to those who donated items or a basket to our raffle: Stacy Zill (Family Fun Night), Shelley Cook (Bath and Body Basket), Brenda Cole (Back to School Basket), Becky Werner (Relaxation Basket), Achieva Support (School Basket), ARC (School Supplies Basket), Mars-Bethel Golf Pitch and Putt, Old Country Buffet, X-Cel Gymnastics, Fun Fore All, Chesapeake Rehab and The American Red Cross.

Thank you to those businesses who donated items or monetary donations to the event: Butler County MH/MR, Mary's Cakes and Candies, Ball's Beer Distributor

Thank you to Joni Zarnick for designing the logo for the T-Shirts and Caroline Owen for designing the logo for all flyers and publications.

Thank you to all the committee members that made this event possible. We could not have done this without your help:

Tricia Reges, Melanie Mitro, Sue Rudisill, Dana Uvodich, Susan Cwik, Sean Daugherty, Barbara Scotece, Lyn Goehring, Paula Nguyen, Roxann Stickney, Dolores MacMasters, Carol and Gary Schultz, Brenda Cole, Eileen Gordon, Carrie Eichner, Kara Wolfe, Kendra Bortmas, Adrienne McKinney, Becky Werner, Jolene Fielder and Pat Brennen.
